

**Litecontrol offers the industry's only Quick-ship program that provides Cradle-to-Cradle Certified™ fixtures on a 10-day basis. Now available with three perimeter lighting choices!**

Our LiteSpeed products include:

- Litewave™ recessed lens
- Arcos™ and SAE Systems™ pendant indirect
- Arcos and SAE pendant indirect/direct
- SAE wall-mounted indirect
- Wall/Slot - 84, 85N and 2000 - perimeter systems

Litecontrol LiteSpeed fixtures are available to ship within 10 business days after receipt of cleared order.

## Special Features, Terms & Conditions

- Shipment within 10 business days from receipt of a released, cleared order, allow 1 day for processing.
- Orders and emails should be clearly labeled LiteSpeed.
- "LS" prefix required in front of the standard catalog number to designate a LiteSpeed product.
- Standard terms & conditions (marking, packaging and shipping methods) apply.
- Field adjustable aircraft cable mounting provided on all pendant fixtures. Stems not available.
- Ballast determined by Litecontrol.
- Products finished textured matte white (TCWM) and matte white (CWM) only.
- Not all options are available for 10-day shipment. Please consult the product technical sheets at [litecontrol.com](http://litecontrol.com) to verify availability.
- Changes or cancellations are not permitted after the order has been released and the order acknowledgement has been sent.
- Large order sizes may not be available for 10-day shipment. Please contact Litecontrol to confirm availability.
