Inde-Pendants™ Aura

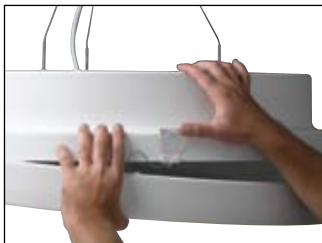

Inde-Pendants provide the distinctive visual appeal of round pendants with the lighting performance of a linear fluorescent system. The Aura offers direct distribution fixtures in a choice of three sizes.

Design elements

- | Aura offers a clean spun steel rim with a flat lens bottom, available in three sizes
- | Uplight onto upper housing adds brightness for visual interest
- | T8 U-lamps reduce lamp images and provide uniform brightness
- | Innovative mechanical design for ease of maintenance
- | Pendant or surface-mounted
- | C2C Silver Certified^{CM}

Retaining clips are easily pushed back to release the bottom housing.

Wire tethers hold the bottom housing while the fixture is cleaned and re-lamped.

Uplight adds
brightness
